SUMMARY

Frontend Engineer with **5+ years of experience** building scalable, high-performance web and mobile applications using **React.js, Next.js, and TypeScript**. Strong focus on **UI/UX implementation, performance optimization, and maintainable component architecture**. Experienced working with cross-functional teams, APIs, and modern frontend tooling in production environments serving thousands of users.

EXPERIENCE

FRONTEND / FULL-STACK DEVELOPER | Aug 2023 — Current

Solutino Sdn Bhd - Johor Bahru

- Developed and maintained **accounting and business web applications** using **Next.js, React, and TypeScript**
- Built reusable UI components and optimized rendering for **better performance and scalability**
- Integrated third-party APIs and services into frontend workflows
- Designed and implemented secure **RESTful APIs** using Node.js and MongoDB
- Collaborated closely with designers and backend engineers to deliver production-ready features

JUNIOR FRONT-END ENGINEER (CONTRACT) | Dec 2024 — Dec 2025

GVRN - Singapore

- Delivered production-ready **React and Next.js components** based on detailed Figma specifications
- Developed high-impact user flows such as **fundraising dashboards and automated term sheet generation**
- Focused on **UX consistency, performance, and maintainability** in a fast-moving Web3 environment

FRONTEND SOFTWARE DEVELOPMENT ENGINEER | Feb 2022 — Jul 2023

Zionext (Malaysia) Sdn Bhd - Gelang Patah

- Translated UI/UX designs into **high-quality, responsive React interfaces**
- Improved application performance and ensured scalability across devices
- Implemented **form validation, state management, and API integration**
- Maintained and fixed production issues in **React Native mobile applications**

- Worked with stakeholders and cross-functional teams in an Agile environment

REACT DEVELOPER | Sep 2021 — Feb 2022

Budak Pantai Enterprise - Johor Bahru

- Developed frontend features using **React.js** with clean and maintainable code
- Deployed applications using **Vercel and Heroku**
- Focused on performance, security, and scalability best practices
- Planned and delivered features within tight deadlines

WEB DEVELOPER | Aug 2019 — Nov 2020

BidInform Pte Ltd - Singapore

- Built and maintained web applications using **PHP 7 and MySQL**
- Managed website backups and recovery processes
- Worked with content management and scripting tools

JUNIOR WEB / GRAPHIC DESIGNER | May 2017 — Dec 2017

CloudEx Sdn Bhd - Permas Jaya

- Designed websites, landing pages, and marketing materials
- Collaborated with marketing and development teams to improve UX/UI
