

Grants

1. Discussion of the Major Chronic Disease Prevention and Control Indicators Program (2023-2024) - Expansion Plans for Year 2024. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2024/1/1~2024/12/31. (D1120515-113)
2. Maternal seronegative spondyloarthropathy and risk of offspring mental disorders. Co-PI, funded by National Cheng Kung University Hospital, Taiwan. 2024/1/1-2024/12/31. (NCKUH-11305013)
3. Early life risk factors for childhood cancer: an international collaboration with the Childhood Leukemia International Consortium (CLIC). PI, funded by National Science and Technology Council, Taiwan. 2023/08/01~2026/07/31. (NSTC 112-2314-B-006-068-MY3)
4. Discussion of the Major Chronic Disease Prevention and Control Indicators Program (2023-2024). Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2023/06/29~2023/12/15. (D1120515)
5. Multidimensional evaluation of nature-based solutions on greenness in climate change mitigation: the analyses of school green greenery. Subproject PI, funded by National Cheng Kung University, Taiwan. 2023/04/01~2024/12/03.
6. Air pollution health literacy (2023). PI, funded by Ministry of Health and Welfare, Taiwan. 2023/01/01~2023/12/31. (B11111116)
7. Surface Monitor Operations Support for the MAIA Project in Taiwan. PI, NASA Jet Propulsion Laboratory. 2022/08/01~2027/07/31.
8. Acetaminophen and Childhood Cancer Risk. PI, University of North Texas. 2022/08/01~2024/07/31.
9. Development of Small Area Estimation Model for the Integration of Varying National Health Survey--- a Case Study for the Long-Term NHI Survey on Patient Experiences and Health Care Needs. Co-PI, funded by Ministry of Science and Technology, Taiwan. 2022/08/01~2024/07/31. (111-2314-B-A49 -019 -MY2)
10. The Association between Ambient Air Pollution, DNA Methylation, and Progression of Parkinson'S Disease. PI, funded by Ministry of Science and Technology, Taiwan. 2022/08/01~2023/07/31. (MOST 111-2314-B-006-112)
11. Co-Exposure to Methylmercury and Endocrine Disruptor, and the Impact on Neurologic-Behavioral Developments - Seven-Year Follow-Up of a Birth Cohort across Taiwan (TMICS II). Co-PI, funded by Ministry of Science and Technology, Taiwan. 2020/08/01~2023/07/31. (109-2314-B-400 -025 -MY3)

Updated: 2024/05/14

12. Air pollution health literacy (2022-2023). PI, funded by Ministry of Health and Welfare, Taiwan. 2022/01/01~2022/12/31. (B1101121)
13. Environmental risk factor data collection and health education promotion. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2022/01/01~2022/12/31. (B1101120)
14. Pregnancy-induced hypertension and the risk of cancers in mother and child: a nationwide cohort study in Taiwan. PI, funded by Taipei City Hospital, Taiwan. 2022/01/01~2022/12/31. (11101-62-018)
15. Surface monitor operations support for the MAIA project in Taiwan. PI, NASA Jet Propulsion Laboratory. 2021/07/01~2022/12/31. (110D032)
16. Parental comorbidities, pharmaceutical use, and childhood cancers in Taiwan. PI, University of North Texas. 2021/07/01~2022/06/30. (110D031)
17. Air pollution health literacy. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2021/01/01~2021/12/31. (B1090205-110)
18. Environmental risk factor data collection and health education promotion. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2021/01/01~2021/12/31. (B1090621-110)
19. Environmental risk factor data collection and health education promotion. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2020/07/17~2020/12/31. (B1090621)
20. The evaluation of low-cost air sensors and data quality checking. Co-PI, funded by Environmental Protection Administration, Taiwan. 2020/05/13~2020/12/31. (09BZT62001)
21. Air pollution health literacy. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2020/04/13~2020/12/31. (B1090205)
22. Parkinson's disease mortality and suicide risk: evaluation of dementia and depression mediation effects. PI, funded by Taipei City Hospital, Taiwan. 2020/01/01~2020/12/31. (10901-62-014)
23. Impacts of Early-life Greenness and Ambient Particulate Air Pollution Exposures on Childhood Obesity and Related Phenotypes: Examine Potential Implications of Epigenomics. PI, funded by Ministry of Science and Technology, Taiwan. 2018/8/1~2021/7/31. (MOST 107-2314-B-227-009-MY3)
24. Pharmaceutical Use in Pregnancy and Childhood Behavior Disorders. PI, funded by Taipei City Hospital, Taiwan. 2019/01/01~2019/12/31. (10801-62-008)
25. Breast Feeding Prevalence Rate in 2018 in Taiwan. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2018/06/29~2019/02/15. (E1070501)

Updated: 2024/05/14

26. The relationship between ambient air pollution, and breast and prostate cancer risk. PI, funded by Taipei City Hospital, Taiwan. 2018/01/01~2018/12/31. (10701-62-010)
27. Air pollution- and head injury-gene interactions in Parkinson's disease. PI, funded by Ministry of Science and Technology, Taiwan. 2017/8/1~2018/7/31. (MOST 106-2314-B-227-010)
28. Parental Comorbidities, Pharmaceutical Use, and Childhood Cancers: A Record Linkage Study in Taiwan. PI, Alex's Lemonade Stand Foundation (UCLA sub-contract). 2017/7/1~2019/6/30. (DHCM-PC-106-005)
29. Development of data governance for the National Health Insurance Service Framework on innovative strategy planning in data governance of the right to seek medical care. Co-PI, funded by National Health Insurance Administration, Ministry of Health and Welfare, Taiwan. 2017/03/01~2017/12/31
30. Big data analysis in substance abuse integrated with social welfare information. Co-PI, funded by Food and Drug Administration, Taiwan. 2017/01/01~2017/12/31. (MOHW106-FDA-D-114-00065)
31. Long-term exposure to ambient air pollution and Parkinson's disease (year one). PI, funded by Taipei City Hospital, Taiwan. 2017/01/01~2017/12/31. (10601-62-051)
32. 2016 (54th) short-term foreign scientific and technical personnel and research funding. PI, funded by Ministry of Science and Technology, Taiwan. 2016/01/01~2016/12/31. (105-2918-I-227 -001)
33. Epidemiological study on health effects from exposure to electromagnetic fields: analysis of opinion leadership concerning electromagnetic fields (Waves) Information. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2016/01/01~2016/12/31. (B1041116)
34. Infrastructure of dementia care network in Yun-Lin. PI, funded by Public Health Bureau, Yun-Lin, Taiwan. 2015/07/01~2015/11/30 (DHCH-GC_104-006)
35. The study on longitudinal monitoring system of the right to seek medical care under the National Health Insurance. Co-PI, funded by National Health Insurance Administration, Ministry of Health and Welfare, Taiwan. 2015/03/01~2016/12/01
36. Epidemiological study on health effects from exposure to electromagnetic fields: analysis of opinion leadership concerning electromagnetic fields (Waves) Information. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2015/03/10~2015/12/31. (B1030410-104)
37. Traumatic brain injury, co-morbidity patterns, and Parkinson's disease: a ten year follow-up study. PI, funded by Ministry of Science and Technology, Taiwan. 2014/8/1~2016/7/31. (103-2314-B-227-002-MY2)

Updated: 2024/05/14

38. Epidemiological study on health effects from exposure to electromagnetic fields: analysis of opinion leadership concerning electromagnetic fields (Waves) Information. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2014/06/05~2015/12/31. (B1030410)
39. Methodology for conducting health surveys. Co-PI, funded by Taiwan Power Company, Taiwan. 2014/05/01~2016/04/30. (056030000301)
40. The association between air pollution exposure and breast cancer risk. PI, funded by National Taipei University of Nursing and Health Sciences, Taiwan. 2014/01/01~2014/12/31. (103ntunhsNT02)
41. The discussion of air pollution and health. PI, funded by Taipei Medical University, Taiwan. 2013/07/01~2014/06/30. (DHCM-PC102-001)
42. Epidemiological study on health effects from exposure to electromagnetic fields: analysis of opinion leadership concerning electromagnetic fields (Waves) Information. Co-PI, funded by Ministry of Health and Welfare, Taiwan. 2013/05/01~2014/04/30. (DOH102-HP-1403)
43. Long-term interrelationships between lifestyle changes and chronic health development in Taipei City. Co-PI, funded by Taipei City Hospital. 2013/08/01~2014/01/31. (R102067)
